Edvance360 LMS-SN Wins 2011 CODiE Award for Best Postsecondary Course or Learning Management System

Edvance360 LMS-SN, a leader in eLearning solutions and services, has won the Software & Information Industry Association's (SIIA) 26th annual CODiE Award in the "Best Postsecondary Course or Learning Management Solution" category. Edvance360 LMS-SN was also a finalist in both 2009 and 2010, continued proof that Edvance360 reflects excellence and innovation that stands out in the industry.

"The honor of being a CODiE Award finalist each of the three years we have participated is a validation of the work we and our network of clients have invested into Edvance360 LMS-SN," says Glen Moriarty, President and CEO of Edvance360. *"Winning the award confirms that our industry peers agree with us: collaborative, learner-focused, and cost-effective solutions like Edvance360 provide exactly what educational institutions need."*

"Receiving the prestigious CODiE award recognizing Edvance360 LMS-SN as a world-class Learning Management System and secure social network is an honor," said Cathy Garland, Vice President of Marketing & Sales at Edvance360. *"We are proud to provide academic institutions and training programs with a learning environment that builds relationships and fosters collaborative learning."* ❖

Nursing Students Needs More Tools In Their Toolbox!

Nursing schools need more than just the normal tools to teach today's students. Scan in the QR code below to view a short video on these tools and how to use them. For more information and a demonstration of how these tools are currently being used by our nursing schools, call 866.458.0360.

- Use the social network and collaborative communities to improve the freshman experience by making the student feel connected and decreasing the time it takes to "get to know" everyone in their courses using the Edvance360 social network and collaborative communities.
- Use the Discussion Forums to facilitate discussion and debate. Nursing students tell us that this is the favorite part of every course they take!
- Use the Collaborative Communities for clinical rotational scheduled, notifications, discussion, journaling, and more.
- Use the ePortfolios to build and demonstrate experience in preparation for employment.
- Import publisher material and test banks to augment courses.
